

Not Even Alzheimer's Can Erase
Unconditional Love and Devotion . . .
The Smiles Our House Pet Brings Are Proof.
That's Why We Welcome Four-Legged Friends

Living with a pet promotes less stress, better health and overall happiness. That's why our house cat, Baby, lives here at Ashley Gardens of Mt. Vernon. And, since she's moved in, she's been responsible for thousands of smiles and much happiness each day!

For those interested in moving in with us, we understand that leaving a beloved pet behind is NOT an option, so we gladly welcome pets, too.* After all, a pet is a family member.

At Ashley Gardens of Mt. Vernon, our goal is to ensure memorable days for your loved one and peaceful nights for you.
